11.—(1) In addition to the grant under subsection 2, 4, 6 or 7 of section 10, there shall be paid,

- (a) a grant of \$300 to each board in the year preceding that in which it enters a larger unit of administration;

13.—(1) In the year in which a new board is established, other than a board assuming jurisdiction for school purposes of an area previously administered by another board, and in the next two years thereafter, provided that the newly formed board has not operated a school for a year, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(2) Subject to subsections 3, 4 and 6, where, for a period of three years, a board has not operated a school, the recognized cost for the preceding year shall be used for the purposes of this Part, but shall not include a disbursement from current funds in the preceding year for a service received in the next preceding year, or years, upon which a grant has been paid.

(3) In the year in which a board commences operation of a school prior to the first school-day in September, provided that the board or any former board incorporated therein has not operated a school for a year, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(4) In the year in which a board commences operation of a school on or after the first school-day in September and in the year following, provided that the board or any former board incorporated therein has not previously operated a school, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(5) In each year following that in which a board has operated a school for a year, recognized cost shall not include a disbursement from current funds in the preceding year for a service received in the next preceding year, or years, upon which a grant has been paid.

(6) A disbursement for capital charges or for capital outlays from current funds shall not be included in recognized cost for more than one year.

MILK

14. The board of a public or separate school shall be paid a grant equal to 50 per cent of the amount expended in the preceding year for the purchase of milk for consumption by its pupils on school days between 8.45 a.m. and 4.00 p.m., and supplied to them free of charge, less that portion of any amount contributed for the purchase of milk from any source which is in excess of 50 per cent of the amount so expended.

BOARDS APPOINTED UNDER SECTION 12 OF *The Public Schools Act*

15.—(1) Where a rural school-section is designated and a board appointed under subsection 1 of section 12 of *The Public Schools Act*, "recognized cost" means the total amount of money paid out of current revenue during the preceding year for the operation of the school or schools under the jurisdiction of the board, inclusive of tuition fees paid to any other board but exclusive of capital expenditures and expenditures for evening courses of study, textbooks, library books, milk, and rent, and less tuition fees received from any other board.

(2) The board so appointed shall be paid a grant of 50 per cent of the recognized cost as defined in subsection 1, but where the board operates a school in a sanatorium, a hospital or a centre for the treatment of cerebral palsy established under section 12 of *The*

Public Schools Act, the grant shall be 80 per cent of the instructional salaries, 50 per cent of the tuition fees, and 50 per cent of the recognized cost for transportation as defined in clause *d* of subsection 1 of section 7, of pupils going to other schools, as paid in each case in the preceding year.

PART 2

HIGH SCHOOLS, CONTINUATION SCHOOLS, AND VOCATIONAL SCHOOLS

APPLICATION

16. This Part applies to general legislative grants for high schools, continuation schools, and vocational schools.

INTERPRETATION

17.—(1) In sections 20 and 24, subject to subsection 2, "recognized cost" means,

- (a) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the current year on principal and interest due in that year on debentures and capital loans other than those in respect of buildings, additions to buildings or equipment upon which a grant is provided by section 21;
- (b) the disbursement from current funds made by a board, or on its behalf by another board, during the preceding year in respect of tuition fees to another board for pupils attending a secondary school operated by that board and, where subsections 1 and 2 of section 23 are applicable, tuition fees with respect to the year preceding the transfer which are owed to the board of any former district transferred to a new district by any other board transferred to that district;
- (c) the portion of the cost approved by the Minister for grant purposes for disbursements made by a board from its current funds in the preceding year, except as set forth in section 24, for transportation of pupils to and from school where their parents or guardians do not contribute directly to the cost of transportation;
- (d) capital outlays made by a board from its current funds in the preceding year, except as set forth in section 24, for,
 - (i) the portion approved by the Minister for grant purposes for additions to buildings, and for equipment for new class-rooms,
 - (ii) the portion approved by the Minister for grant purposes for school buses for the transportation of pupils,
 - (iii) the portion approved by the Minister for grant purposes for new heating equipment, for new lighting, and for new sanitary-conveniences of a modern type, in schools already in operation where the average population of the municipalities within or partly within the high- or continuation-school district, whether or not only part of any municipality is included in the district, is under 3,000;

less,

- (iv) proceeds from the sale of school buildings and equipment, and

- (v) proceeds from insurance on school buildings and equipment;
- (e) the total disbursements made by a board from its current funds in the preceding year, except as otherwise provided in section 24, in respect of,
 - (i) restoration of insured school property destroyed or damaged, but not exceeding an amount equal to the insurance proceeds received in respect thereof,
 - (ii) the fee paid for membership in the Ontario School Trustees' Council and the fee paid for membership in one member association of the Ontario School Trustees' Council.

(2) Except where grants are payable under section 21, debenture charges and capital outlays from current funds shall form part of the recognized cost only in the proportion that the average daily attendance of all pupils attending the schools under the jurisdiction of a board, exclusive of the average daily attendance of pupils whose fees are payable by another board or by the Minister, bears to the total average daily attendance in those schools.

(3) In this Part, "recognized extraordinary expenditure per pupil" for a board operating a secondary school means the quotient obtained by dividing the sum of the amounts recognized for grant purposes under this Part for debenture payments due in the current year, for capital outlays from current funds, and for transportation by the average daily attendance of all pupils that attended the school or schools operated by the board during the preceding year, but excluding the average daily attendance of those pupils whose fees are payable by another board or by the Minister.

(4) In this Part,

(a) "assessment" means,

- (i) the assessment of all property, including any business assessment, rateable for school purposes in each municipality within or partly within the high- or continuation-school district, whether or not only part of any municipality is included in the district, as shown on the assessment roll on which taxes were levied for the preceding year, adjusted by the provincial equalizing factor, or
- (ii) where money is received by the board under section 35 of *The Assessment Act* or clause *b* of section 5 of Regulation 31 of Revised Regulations of Ontario, 1960, the assessment as set forth in subclause i, together with an amount equivalent to that which, if levied upon at the rate of real-property taxation on the ratepayers of the high- or continuation-school district for school purposes, would result in taxes equal to the money so received by the board, adjusted by the provincial equalizing factor;
- (b) "population" means the total population of each municipality within or partly within the high- or continuation-school district, whether or not only part of the municipality is included in the district, as shown by the assessment rolls on which taxes for the preceding year were levied, less the number of inmates of public institutions;
- (c) "assessment per capita" means the quotient obtained by dividing the total assessment of the municipalities within or partly within the high- or continuation-school district by the

total population of the municipalities, but where the assessment per capita to be used for a board in the calculation of the grant is more than 110% of the assessment per capita used for that board in the preceding year, the assessment per capita of that board means,

- (i) 110% of the latter assessment, or
- (ii) 50% of the actual assessment per capita,

whichever is the greater, and where there is no assessment for grant purposes, the assessment per capita shall be deemed to be \$2,600; and

- (d) "cost of operating" means,
- (i) the total of the disbursements for the normal operation of a board for school purposes, exclusive of payments in respect of principal, interest, and other charges on debentures and capital loans, paid out of current funds by a board or on its behalf during the preceding year, and
 - (ii) payments by a board or on its behalf in respect of principal, interest and other charges during the current year on debentures and capital loans,

less current-fund receipts during the preceding year as follows,

- (iii) tuition fees, and
- (iv) reimbursement for the cost of education of pupils residing in a part of a territorial district that is not in a secondary-school district.

AVERAGE DAILY ATTENDANCE

18.—(1) Subject to subsection 2, "average daily attendance" for a board for the purpose of determining the grant in respect of average daily attendance provided in section 20, means average daily attendance of pupils in the school or schools operated by the board in the preceding year, exclusive of the average daily attendance of pupils whose fees are payable by another board or by the Minister, but inclusive of any additional average daily attendance to which the board is entitled under section 19.

(2) For the purpose of subsection 1, the average daily attendance of a high or continuation school shall be not less than the figure computed by subtracting the average daily attendance of pupils whose fees are payable by another board or by the Minister, and who attended the school from twenty, or in the case of a school on an island or in a territorial district, from forty.

19.—(1) Where, in the preceding year, a board operated one or more departments of agriculture for a term, the average daily attendance shall be increased

for each department by the number set forth in column 2 in accordance with the average daily attendance of all pupils attending the school in the preceding year set opposite thereto in column 1 as follows:

COLUMN 1	COLUMN 2
Average daily attendance of school	Number per term to be added
Under 100	5
100 but under 200	7½
200 but under 300	10
300 or more	12½

(2) Where, in the preceding year, a board operated one or more industrial-arts or home-economics classrooms in a high or continuation school for a term, the average daily attendance shall be increased for each of those class-rooms by the number set forth in column 2 in accordance with the average daily attendance of all pupils attending the school in the preceding year set opposite thereto in column 1 as follows:

COLUMN 1	COLUMN 2
Average daily attendance of school	Number per term to be added
Under 50	½
50 but under 100	1
100 but under 200	1½
200 but under 300	2
300 or more	2½

(3) Where, in the preceding year, the pupils of two or more schools operated by a board received instruction in industrial arts or home economics in one school operated by that board, the average daily attendance of those schools shall be added together for the purpose of subsection 2.

(4) Where, in the preceding year, a board operated one or more approved home-instruction units, the average daily attendance shall be increased by one for each term for each unit operated.

PART 5

GRANTS FOLLOWING ANNEXATION

INTERPRETATION

35. In this Part, "annexation" includes amalgamation.

36. This Part applies to grants following annexation.

37.—(1) In the year in which the whole of a school-section of a separate-school area, or of a secondary-school district is annexed to an urban municipality, the grant shall be calculated,

- (a) in the case of elementary school boards, under the provisions of subsection 1 of section 12; and
- (b) in the case of secondary school boards, under the provisions of subsection 1 of section 23.

(2) In the year in which part of a school-section of a separate-school area, or of a secondary-school district is annexed to an urban municipality and, on the last school-day of September preceding the annexation, not more than 10 per cent of the number of pupils residing in the school-section, separate-school area, or secondary-school district, or not more than 10 pupils, whichever is the lesser, resided in the part annexed, the grant shall be calculated as if there had been no annexation and be paid to the board from which the area has been detached.

(3) In the year in which part of a school-section of a separate-school area, or of a secondary-school district is annexed to an urban municipality and, on the last school-day of September preceding the annexation, more than 10 per cent of the pupils residing in the school-section, separate-school area, or secondary-school district, or more than 10 pupils, whichever is the lesser, resided in the part annexed,

- (a) the board from which the area has been detached shall be paid,
 - (i) in the case of an elementary school, the greater of the amount allocated to the board under the provisions of subsection 3 of section 12 and the grant calculated on the average daily attendance and recognized cost of the current year, and
 - (ii) in the case of a secondary school, the greater of the amount allocated to the board under the provisions of subsection 3 of section 23 and the grant calculated on the average daily attendance and recognized cost of the current year; and
- (b) the board of the urban municipality shall be paid,
 - (i) in the case of an elementary school, the total amount, before division, calculated under the provisions of subsection

3 of section 12 less the amount paid to the board from which the area has been detached under subclause i of clause a, and

- (ii) in the case of a secondary school, the total amount, before division, calculated under the provisions of subsection 3 of section 23 less the amount paid to the board from which the area has been detached under the provisions of subclause ii of clause a.

38. Where the whole or part of a municipality is annexed to an urban municipality on or after the 1st day of January, 1949, and at the date of annexation there were outstanding debentures for one or more school buildings in that municipality or part, as the case may be, the payments on the debentures to the extent that they were eligible for grant for the board of the school-section, separate-school area, or high-school district in the area annexed in the year of annexation shall, except in the year of annexation, form part of the recognized cost of the public-, separate- or high-school board of the urban municipality and the grant thereon shall be calculated at the rate applicable to,

- (a) the board of the school-section, separate-school area, or high-school district in the annexed area for the year of annexation;
- (b) the board of the school-section, separate-school area, or high-school district of the urban municipality for the year of annexation; or
- (c) the board of the school-section, separate-school area, or high-school district of the urban municipality for the current year,

whichever is the greatest.

39.—(1) Where on or after the 1st day of January, 1949, an urban municipality having a population in the year preceding annexation of 14,000 or more, annexes an area in which the combined average daily attendance of public-, separate- and secondary-school pupils resident in that area exceeds 20 per cent of the combined average daily attendance of public-, separate- and secondary-school pupils resident in the urban municipality, there shall be paid to each board of the urban municipality an annexation grant per pupil as set forth in subsections 2, 3 and 4.

(2) The annexation grant per pupil shall be 100 per cent of the amount by which the grant per pupil paid under this Regulation to the board or boards of the urban municipality in the year of annexation is exceeded by the grant per pupil paid in the same year in the annexed area, ascertained by dividing the grant paid in each case, exclusive of grants on debentures, on capital outlays from current funds, on sites, and on transportation, by the average daily attendance of resident pupils.

(3) Subject to subsection 5, in the second, third, fourth and fifth years following the annexation, the annexation grant per pupil shall be paid on the excess of the average daily attendance of resident pupils of the board of the urban municipality subsequent to annexation over the average daily attendance of the resident pupils of the board of the urban municipality in the year preceding annexation.

(4) Subject to subsection 5, in the sixth year following the annexation, the percentage of the annexation grant per pupil shall be reduced by 20, and in each year thereafter by 20 for each additional year.

(5) For purpose of the payment of the grant under this section, the ordinal numbers applying to the years following the annexation in subsections 3 and 4 apply as if the years 1958, 1959 and 1960 had not existed.

PART 6

42. In the year in which all or part of a non-urban municipality becomes all or part of an urban municipality, the grants shall be calculated,

- (a) in the case of elementary-school boards, under the provisions of section 12; or
- (b) in the case of secondary-school boards, under the provisions of section 23.

43.—(1) Where, on or after the 1st day of January, 1958, an area comprising all or part of one or more non-urban municipalities becomes an urban municipality, there shall be paid to each board of the urban municipality a change-in-status grant per pupil as set forth in subsections 2, 3 and 4.

(2) The change-in-status grant per pupil shall be 100 per cent of the amount by which the grant per pupil payable to the board or boards under section 42 exceeds the grant per pupil that would otherwise have been payable under this Regulation, ascertained by dividing the grant payable in each case, exclusive of grants on debentures, on capital outlays from current funds, on sites and on transportation, by the average daily attendance of resident pupils.

(3) In the second, third, fourth and fifth years following the change in status, the change-in-status grant shall be paid on the average daily attendance of resident pupils of the urban municipality.

(4) In the sixth year following the change in status, the percentage of the change-in-status grant per pupil shall be reduced by 20, and in each year thereafter by 20 for each additional year.

PART 8

GRANTS FOR INSTRUCTION IN INDUSTRIAL ARTS OR HOME ECONOMICS IN JOINTLY OPERATED CLASS-ROOMS

45.—(1) Where prior to the 1st day of January, 1954, the boards of four or more larger units of administration operated jointly a class-room for instruction in industrial arts or home economics, and the instruction is continued thereafter jointly by two or more of those boards, or by two or more of those boards and the board or boards of one or more school-sections or union school-sections or separate-school areas, a grant of \$7.50 shall be paid to each board which continues to operate the class-room for each of its pupils for each term in which the pupil attended during the preceding year.

(2) In subsection 1, "larger unit of administration" has the same meaning as in clause *e* of subsection 3 of section 7.

PART 9

GRANTS FOR THE CONSTRUCTION AND EQUIPMENT OF VOCATIONAL UNITS

46.—(1) This Part applies to boards that qualify for payment under an agreement between Ontario and Canada whereby Canada reimburses Ontario for a portion of a payment by Ontario to boards for the construction and equipment of new vocational units.

- (b) the assessment of the site as shown on the assessment roll on which taxes were levied for the year preceding the year in which the title was received by the board, adjusted by the provincial equalizing factor for that assessment roll.

49. Where, on or after the 1st day of January, 1959, a board has received title in fee simple, free of encumbrance, to a school site the board shall be paid in the year following a grant of 50 per cent of the recognized cost of the school site.

50. Where, in the preceding year, a board sold a site, a deduction shall be made from the grant payable under this Regulation in the current year in the amount of 50 per cent of the assessment of the land as shown on the assessment roll on which taxes were levied for the year preceding the year in which the site was sold, adjusted by the provincial equalizing factor for that assessment roll.

51. For the purpose of section 50, the assessment shall be equal to the assessment of land of equal value in the municipality.

PART 11

(2) Subject to subsection 4, the total of the grants under this Regulation to an elementary-school board shall not exceed in any year,

3. —(1) Where a vendor sells tangible personal property to a person who alleges that it is exempt from tax under paragraph 38, 39 or 40 of section 5 of the Act or that it is being purchased for purposes of resale, the purchaser shall provide the vendor with a purchase exemption certificate.

(2) The purchase exemption certificate required by subsection 1 is invalid unless the purchaser is a vendor and the purchase exemption certificate discloses the number of his vendor's permit under the Act.

(3) Where a purchaser fails to submit a purchase exemption certificate in valid form, the vendor shall collect tax from the purchaser calculated on the price charged for the tangible personal property sold.

(4) Where a vendor purchases tangible personal property for his own consumption or use in the exercise of his business, he shall not give his supplier a purchase exemption certificate certifying that the tangible personal property being purchased is to be used for a non-taxable purpose and he shall pay tax to his supplier on the price charged therefor.

(5) Subsection 4 does not apply where the purchaser is a vendor who is the holder of a "G" permit as provided in section 6.

(6) Where a vendor has paid tax on tangible personal property that he has purchased and such tax was paid erroneously under one of the conditions set out under subsection 7 or because he failed or was unable to provide his

supplier with a purchase exemption certificate at the time of purchase, he may apply for a refund under subsection 6 of section 2 of the Act upon production of evidence satisfactory to the Comptroller that such tax was so paid.

(7) The conditions referred to in subsection 6 are,

(a) the vendor when making the purchase intends to use the tangible personal property rather than resell it but later resells it before making any use thereof;

(b) the vendor purchases the tangible personal property for consumption or use but resells it before making any use thereof other than retention for the purposes of demonstration and display while holding it for sale in the regular course of business;

(c) the particular property is of a kind not ordinarily sold or stocked by the vendor and not customarily covered by purchase exemption certificates given by the vendor to his suppliers and is subject to an unusual sale, such as a sale for the accommodation of a customer, employee or other person;

(d) the particular property is generally for the consumption or use of the vendor but a small portion is incidentally resold; or

(e) through error, the tax is paid by the vendor with respect to the purchase price of tangible personal property purchased for resale in the regular course of business.

4.—(1) A purchase exemption certificate referred to in section 3 may be,

(a) a single purchase exemption certificate; or

(b) a blanket purchase exemption certificate,

and may be in any form prescribed by section 5.

(2) A single purchase exemption certificate may be used only with respect to each order of tangible personal property.

(3) Where a purchaser supplies a vendor with a valid blanket purchase exemption certificate, such certificate remains valid until revoked by the purchaser or cancelled by the Comptroller and such a purchaser is not required to execute additional purchase exemption certificates for individual purchases so long as there is no change in the character of his operation and no change in the character of the tangible personal property referred to in the original blanket purchase exemption certificate, but the blanket purchase exemption certificate so issued is ineffective with respect to orders that follow the original order covered by the original blanket purchase exemption certificate unless reference is made thereto by the purchaser on each purchase order issued for subsequent purchases of tangible personal property by that purchaser and such reference shall take the form prescribed by subsection 3 of section 5.

(4) Where a vendor receives an order from a purchaser on which a purchase exemption certificate is indicated either by rubber stamp or by reference to a single or blanket purchase exemption certificate, the vendor may sell the

tangible personal property ordered without charging tax thereon, and he will have no responsibility for collecting tax with respect to the tangible personal property so ordered even if the tangible personal property purchased is or may be deemed to be taxable in the hands of the purchaser.

- (5) Where a purchaser does not provide the vendor of tangible personal property with properly executed purchase exemption certificates in one of the forms prescribed by section 5, the vendor of such tangible personal property will deem the sale to be a retail sale and in each case shall collect tax on the fair value of such property unless it is otherwise exempt under the Act and the burden of proving that such sale is not a retail sale shall be upon the vendor.
- (6) Where a purchaser has provided his supplier with a valid blanket purchase exemption certificate that covers a class of tangible personal property that he regularly buys from the supplier and subsequently orders an additional amount of the same class of tangible personal property from the same supplier by telephone, the vendor of such tangible personal property may make the sale thereof without collecting tax and be free from collecting tax thereon if he inserts on the invoice he prepares for the sale of the goods the number of the applicable purchase exemption certificate made by the purchaser and the number of the vendor's permit of the purchaser and retains a copy of such invoice on file.
- (7) Where a purchaser orders tangible personal property by telephone and the vendor has not received a blanket purchase exemption certificate that covers the class of goods so ordered, the sale thereof shall be deemed to be a retail sale and he must collect tax thereon.
- (8) A purchase exemption certificate to be valid shall,
 - (a) include the vendor's permit number held by the purchaser;
 - (b) include his name or the name under which he transacts business; and
 - (c) where the purchase exemption certificate is a single certificate that takes the form of a printed piece of paper, include a list of the tangible personal property being purchased pursuant to the certificate.
- (9) A purchase exemption certificate shall not be used to obtain tangible personal property free of tax unless such property is for resale or is exempt from tax pursuant to paragraph 38, 39 or 40 of section 5 of the Act.
- (10) Where a purchase exemption certificate is used in contravention of subsection 9, the purchaser is liable to have his vendor's permit suspended or cancelled under subsection 3 of section 3 of the Act on the grounds that he made use wrongfully of a purchase exemption certificate.
- (11) Any person who provides his supplier with a purchase exemption certificate knowing that the tangible personal property he is purchasing is not to be resold by him in the regular course of his business or is to be used for a purpose other than that certified by him in the purchase exemption certificate is guilty of an offence against the Act.

- 6.—(1) The holder of a "G" permit is authorized at his discretion to purchase free of tax tangible personal property without the issuance of purchase exemption certificates as required under section 3 whether or not such property is exempt from tax under paragraph 38, 39 or 40 of section 5 of the Act or is being purchased for resale.

- (2) When the holder of a "G" permit wishes to purchase tangible personal property free of tax, he shall notify his supplier that he is the holder of a "G" permit by placing the number thereof on his purchase order form.

- (3) Every holder of a "G" permit shall declare on his monthly tax return the value of the tangible personal property purchased free of tax for his own consumption or use and shall remit the tax due on such purchases directly to the Treasurer.

- (4) Where the holder of a "G" permit buys tangible personal property outside Ontario, he shall declare in his monthly tax return the value of the tangible personal property that he received in Ontario from points outside Ontario during the month for which such return is being filed and shall remit the tax due on such purchases directly to the Treasurer.

(5) A vendor may obtain a "G" permit upon application in writing where it is established that,

- (a) the sales made by the vendor to purchasers in Ontario exceed \$2 million per annum;
- (b) the records of the vendor are audited annually by a recognized firm of public accountants and that the auditors' report to the vendor, his directors or shareholders is available for inspection by the Comptroller and that the date of the report is less than one year prior to the date of the application for a "G" permit; and
- (c) in the opinion of the Comptroller the credit rating of the vendor is sound.

3. Section 8 of Ontario Regulation 232/61 is revoked and the following substituted therefor:

8.—(1) On or before the twenty-third day of each month, every vendor shall make a return to the Comptroller in the prescribed form,

- (a) of all sales of tangible personal property made by him; and
- (b) of all purchases of tangible personal property he made upon which he paid no tax to the vendor thereof at the time of purchase by reason of the issuance of purchase exemption certificates or otherwise and upon which tax is payable pursuant to section 2 of the Act,

during the calendar month immediately preceding and shall remit to the Treasurer the tax collectable and payable by him during that month.

- (2) On or before the twenty-third day of each month, every registered consumer shall make a return to the Comptroller in the prescribed form of all purchases of tangible personal property he made outside Ontario and brought into or received in Ontario during the calendar month immediately preceding and shall remit to the Treasurer the tax payable by him during that month.
- (3) Notwithstanding subsections 1 and 2, the Comptroller may at any time require a vendor or a registered consumer to make a return covering such period and including such information as the Comptroller may determine and the vendor or registered consumer shall remit to the Treasurer therewith the tax collectable or payable by him or the tax collectable and payable by him during such period.
- (4) Notwithstanding subsection 1, the Comptroller may, upon application in writing, authorize,
 - (a) a vendor who maintains his records so that he closes his books at the end of periods that do not coincide with calendar months but are never longer in duration than five weeks; or
 - (b) a vendor who maintains his records so that he closes his books at the end of periods that are longer in duration than calendar months but never longer in duration than two months and who would be entitled on application to be granted a "G" permit under subsection 5 of section 6,

to file the returns required by subsection 1 with respect to such periods as are shorter or longer than calendar months.

- (5) Where the Comptroller has authorized a vendor to file returns for periods shorter or longer in duration than calendar months under subsection 4, the vendor shall, on or before the 1st day of March in each subsequent year, provide the Comptroller with a statement indicating the precise dates upon which the vendor will end each such period during the calendar year or part thereof, as the case may be, commencing on the 1st day of April following.
- (6) Where the Comptroller has authorized a vendor to file returns for periods shorter or longer in duration than calendar months under subsection 4, the vendor shall make each return required by subsection 1 on or before the twenty-third day following the close of each such period, and the return shall provide the Comptroller with the information required by subsection 1 in respect of each period that closes twenty-three days before the date on or before which such return is due to be filed.
- (7) Notwithstanding subsection 1, the Comptroller may authorize or require any vendor whose taxable sales never exceed \$100 in each of two consecutive months in a calendar year to file his returns under the Act for periods longer than one month and not exceeding six months in duration.
- (8) In any case where the Comptroller has authorized or required a vendor to file returns for extended periods under subsection 7, the vendor shall make the return required by subsection 1 or subsection 6, as the case may be, within twenty-three days of the close of each such extended period, together with payment of the tax actually collectable and payable by the vendor during such period.
- (9) Where the Comptroller has authorized a vendor to file returns for extended periods under subsection 7 and the vendor fails to file a return within the time prescribed by subsection 8, the Comptroller may revoke the authorization granted, in which case the vendor will thereafter be required to file returns in accordance with subsection 1 or 6, as the case may be.
- (10) Every vendor shall make a separate return in respect of each place of business operated by him, but, if each place of business makes a return of sales to a central office of the vendor where all accounting is centralized, a consolidated return for all places of business operated by the same vendor may be granted on application to the Comptroller.
- (11) Where the Comptroller approves the filing of a consolidated return by a vendor, the consolidated return shall in each case be accompanied by a schedule showing the address of each place of business from which sales are made, and such schedule shall give totals of the gross sales made, the tax collectable on taxable sales, the taxable purchases and the tax payable on taxable purchases for each such place of business, but, in this section, a place of business does not include a factory or other property of a vendor from which no sales are made.
- (12) Subject to subsection 16, where a vendor has made sales of tangible personal property all of which is exempt from tax or has made no sales during the period for which he is reporting, he shall file a return and so state.

(13) Where a vendor has made sales of tangible personal property on a basis whereby the purchase price is stipulated to be paid on terms or by instalments or otherwise and for that reason does not collect any part of the tax or the whole of it at the time of sale, he shall report the total amount of such sale and shall remit the total amount of the tax collectable thereon in the return required by subsection 1, 6, 8 or 16, as the case may be.

(14) In each return required to be filed under this section, the vendor shall report the fair value of all items of tangible personal property that he purchases or takes out of stock for his own consumption or use or that he supplies to his employees where such items have not been included as gross sales or taxable sales in his accounts or in the returns required by this section.

(15) Notwithstanding subsection 12, where a vendor operates his business on a seasonal basis so that he makes no sales of tangible personal property during a particular period of any year, he may upon application in writing to the Comptroller be authorized not to file returns for the months during which he does not operate his business.

(16) Notwithstanding subsections 1, 6, 8 and 12, where a vendor operates his business on a seasonal basis and has been authorized by the Comptroller under subsection 15 not to file returns for the months during which he does not operate his business, the Comptroller may authorize any such vendor whose taxable sales during the season when he operates his business do not exceed \$100 in each of two consecutive months during that season to file his returns under the Act for periods longer than one month and not exceeding six months in duration.

(17) In any case where the Comptroller has authorized a vendor to file returns for extended periods under subsection 16, he shall make the return required by subsection 1 or 6, as the case may be, within twenty-three days of the close of each such extended period, together with payment of the tax collectable and payable by the vendor during such period.

4. Section 11 of Ontario Regulation 232/61 is revoked and the following substituted therefor:

11. Every person required to file returns by section 8 or 10 shall remit with the filing of the return the amount that is equal to the difference between the amount of the tax collectable and payable as shown by the return and the amount of any remuneration allowed by the Treasurer under section 9 of the Act.

5. Section 13 of Ontario Regulation 232/61 is revoked and the following substituted therefor:

13.—(1) Every vendor shall keep books of account, records and documents sufficient to furnish the Comptroller with particulars of,

- (a) all inventories of tangible personal property taken;
- (b) purchases of tangible personal property;
- (c) sales of tangible personal property;
- (d) tangible personal property purchased or taken from stock by the vendor for his personal consumption or use or that of his business or supplied to his employees where any such property has not been included as retail sales;

(e) discounts and refunds;

(f) the amount of tax collected;

(g) disposal of tax including the remuneration taken.

(2) All entries concerning the tax in such books of account, records and documents shall be separate and distinguishable from all other entries made therein.

6. Section 15 of Ontario Regulation 232/61 is revoked and the following substituted therefor:

15.—(1) Where a transaction involving a transfer of possession, a lease or a rental of tangible personal property occurs pursuant to a hire-purchase contract, a conditional sale contract or a sale that is designated as a lease or rental for the purpose of retaining title in the vendor as security for payment of the purchase price, the transaction shall be deemed to be a sale on credit and the tax involved in such transaction shall be payable on the total of the purchase price at the time the transaction is arranged.

(2) Where tangible personal property is rented and the lessor does not intend to sell it to the lessee, tax applies to the following percentages of the rental price:

(a) where the rental to one lessee is for a period of six days or less, 100 per cent;

(b) where the rental to one lessee is for a period of more than six days and not more than one month, 90 per cent; and

(c) where the rental to one lessee is for a period of more than one month, 80 per cent.

(3) Where tangible personal property is leased or rented under an agreement that grants the lessee an option to purchase the property, a sale shall be deemed to have taken place when the option is exercised and the lessee is taxable on the entire selling price specified in the agreement, but, where under the agreement amounts previously paid as rental for the use of such tangible personal property are applied against that price and the purchaser of such property has paid tax on such amounts, he shall pay tax only on the difference between the entire selling price and such amounts as have been so applied.
